# **BOBZIEN-GAITHER EDUCATION CENTER**

# A Place to Learn and Grow

---

Opening in spring 2022, the Bobzien-Gaither Education Center will be a new state-of-the-art teaching facility in the Innsbrook area of suburban Richmond. The BGEC will accommodate a hybrid model of both live and online teaching where Virginia CLE®, the educational division of the Virginia Law Foundation, will present on-site programs and high-quality, simultaneous, live and interactive webcasts. While continuing education will be its focus, the BGEC will also be a place to gather with members of the community, celebrate the Foundation's philanthropic initiatives, and host a variety of events.

This Center is named in memory of two treasured members of the Virginia Law Foundation community: David Bobzien and Marcus Gaither. David was a past president of the Virginia State Bar and the Virginia Law Foundation, a longtime chair of the Foundation's CLE Committee, and an esteemed leader in the legal community. Marcus, who joined the Virginia Law Foundation staff after his professional basketball career, held several key positions, including Director of Outreach, Director of Digital Marketing, and Director of Information Technology, and was a dear friend to many during his tenure.

These two individuals dedicated themselves to the betterment of the legal community and beyond. To honor their impact, the Virginia Law Foundation invites you to become an inaugural supporter of the Bobzien-Gaither Education Center. This space will be devoted to addressing the continuing education needs of the legal community for many years to come, and your support will create a space where many can learn, grow, and celebrate the legacies of David Bobzien and Marcus Gaither.

**To expand the celebration, we will be hosting an opening event on April 13 at the Bobzien-Gaither Education Center, and we are also establishing the Friends of David and Marcus, a giving opportunity for individuals, firms, and organizations to honor the legacies of David and Marcus and support the mission of the Virginia Law Foundation.**
